

Intensive course about ideation and business concept development and exciting challenge!

Apply to the Hack4Health Hackathon and spend a day with interesting challenges and people with similar interests.

Why is the Hackaton different from other competitions?

-  You can work in a mixed, multidisciplinary team
-  We will boost your problem solving skills along with theoretical knowledge
-  You will get a crash course how to turn an idea into a specific product or service

Application deadline: 9 April 2021

Place: hack4health.openup.education online platform
